

Become a Sustainer of 15 Now

Across the country low-wage workers are rising up, protesting, and striking for a \$15/hour minimum wage.

In Seattle the movement is poised in 2014 to be the first major U.S. city to win \$15. **But big business will not let this pass without a fight.** The only way we can counter the power of Corporate America is by building a massive grassroots campaign with local neighborhood and campus groups, town hall meetings, mass rallies, and strikes.

15 Now is currently centered in Seattle - where the Fight for 15 has the best immediate prospects - but we aim to build a nationwide movement. A victory in Seattle in 2014 would open the floodgates for working people to demand \$15 in cities across the country. But it will not happen automatically.

We need you to get involved. Please help fund the Fight for 15! We will need real resources to organize the struggle and counter the lies and propoganda of the richest 1%. We are relying on you - workers, young people, and activists.

Please select your monthly sustaining donation level.
